

# Carpet Print

Flexible and powerful solution for hand-made carpet

Booria Carpet Print is specially developed to fulfill the **hand-made carpet and rug producers'** requirements.

Easily create your design by Booria Carpet Designer and print it in your desired way which your carpet weavers are familiar with it.

This software is utilized with different kind of printing methods - even special weaving codes like Talam for Pakistani carpet weavers - which enable users to print in different ways and make the software the flexible one.

The **size of a printer is not important any more** and you could print your designs in Color or Black and White (B&W) mode, with Color or Black & White inkjet or laser printers in any size even with a regular A4 printer.
